

# Thomas Cormican

thomas.cormican.2025@mumail.ie | 085 133 1232 | github.com/tomoige | thomascormican.xyz

## Education

**B.Sc. in Computer Science**  
Maynooth University  
**Current Grade Average: 98%**

Sep 2024 – May 2028 (Expected)

- Achieved First Class Honours standard across all completed years.
- Strong academic foundation in Computer Systems, Databases, Linear Algebra, and Data Science.

## Experience

**IT Services Computer Assistant**  
Maynooth University

Jun 2024 – Present

- Provide frontline technical support across Windows and macOS environments.
- Diagnose and resolve hardware, software, and network issues.
- Manage support tickets using Ivanti and Pubble.
- Maintain printers, workstations, and general computing infrastructure.

**Volunteer Tutor**  
Computer Science Centre

Jun 2024 – Present

- Mentor students in programming fundamentals using Java and Python.
- Support computational thinking and structured problem-solving.

## Projects

**CSPrime — Academic Visualisation Tool**

Jun 2025 – Present

*Technologies: React, JavaScript, Git*

- Developed interactive visualisations representing prerequisite relationships across CS modules.
- Refactored UI components to improve modularity and maintainability.
- Collaborate using Git-based workflows to extend functionality.

**Personal Website — Portfolio Site**

Jan 2025 – Dec 2025

*Technologies: Next.js, TypeScript, React, Vercel*

- Designed and developed a responsive portfolio website to showcase projects and achievements.
- Implemented reusable React components and dynamic routing using Next.js.
- Deployed via Vercel with version control through GitHub.

**AI Powered Expense Sharing App — Microsoft Mentorship Project**

Feb 2026 – Present

*Technologies: React, JavaScript, HTML, CSS, Azure*

- Created a working prototype to collect user feedback.
- Implemented Azure Functions to control backend logic.
- Collaborated with team members regularly to assess progress and discuss changes.

## Technical Skills

### Programming Languages

**Strong Working Proficiency:** Java, Python, JavaScript, HTML/CSS  
**Proficient:** TypeScript, R, SQL, Bash

**Tools & Technologies:** Git, Windows, Linux, TensorFlow, scikit-learn, Next.js, React, pandas, NumPy

## Certifications & Awards

- CompTIA A+ (Jun 2024)
- CompTIA Network+ (Oct 2024)
- Machine Learning Specialization – DeepLearning.AI (Jan 2024)
- Microsoft Certified: Azure Fundamentals (Jul 2025)
- 1st Place – Maynooth University CSC Coding Competition (Apr 2025)
- 1st Place – Maynooth University CSC Programathon (May 2025)
- Geary Prize for 1st Year Statistics (Jun 2025)
